- Squeeze bunts
- Sacrifice bunts
- Tag up and run plays

Strike out the batter with a combination of awesome pitches.

- Fast ball
- Regular ball
- Curve ball
- Slow ball
- Screwball

Guard against base stealing! Lead the runner off base, and then tag him out in a pickle.

Runner Movement

(After 2 outs)

All runners attempt to run to the next base on every hit.

(At times other than 2 outs)

Only runners subject to being forced out run on a grounder hit.

Runners stay put on fly hits, in preparation for a possible tag up and run play.

* Pitching is not possible while the pitcher and catcher are exchanging signs.

* The fielders automatically run after a ball hit into play.

* If a score exceeds 10 runs or more in 1 inning, only one digit shows up on the scoreboard, but the real number of runs is added to the game score.

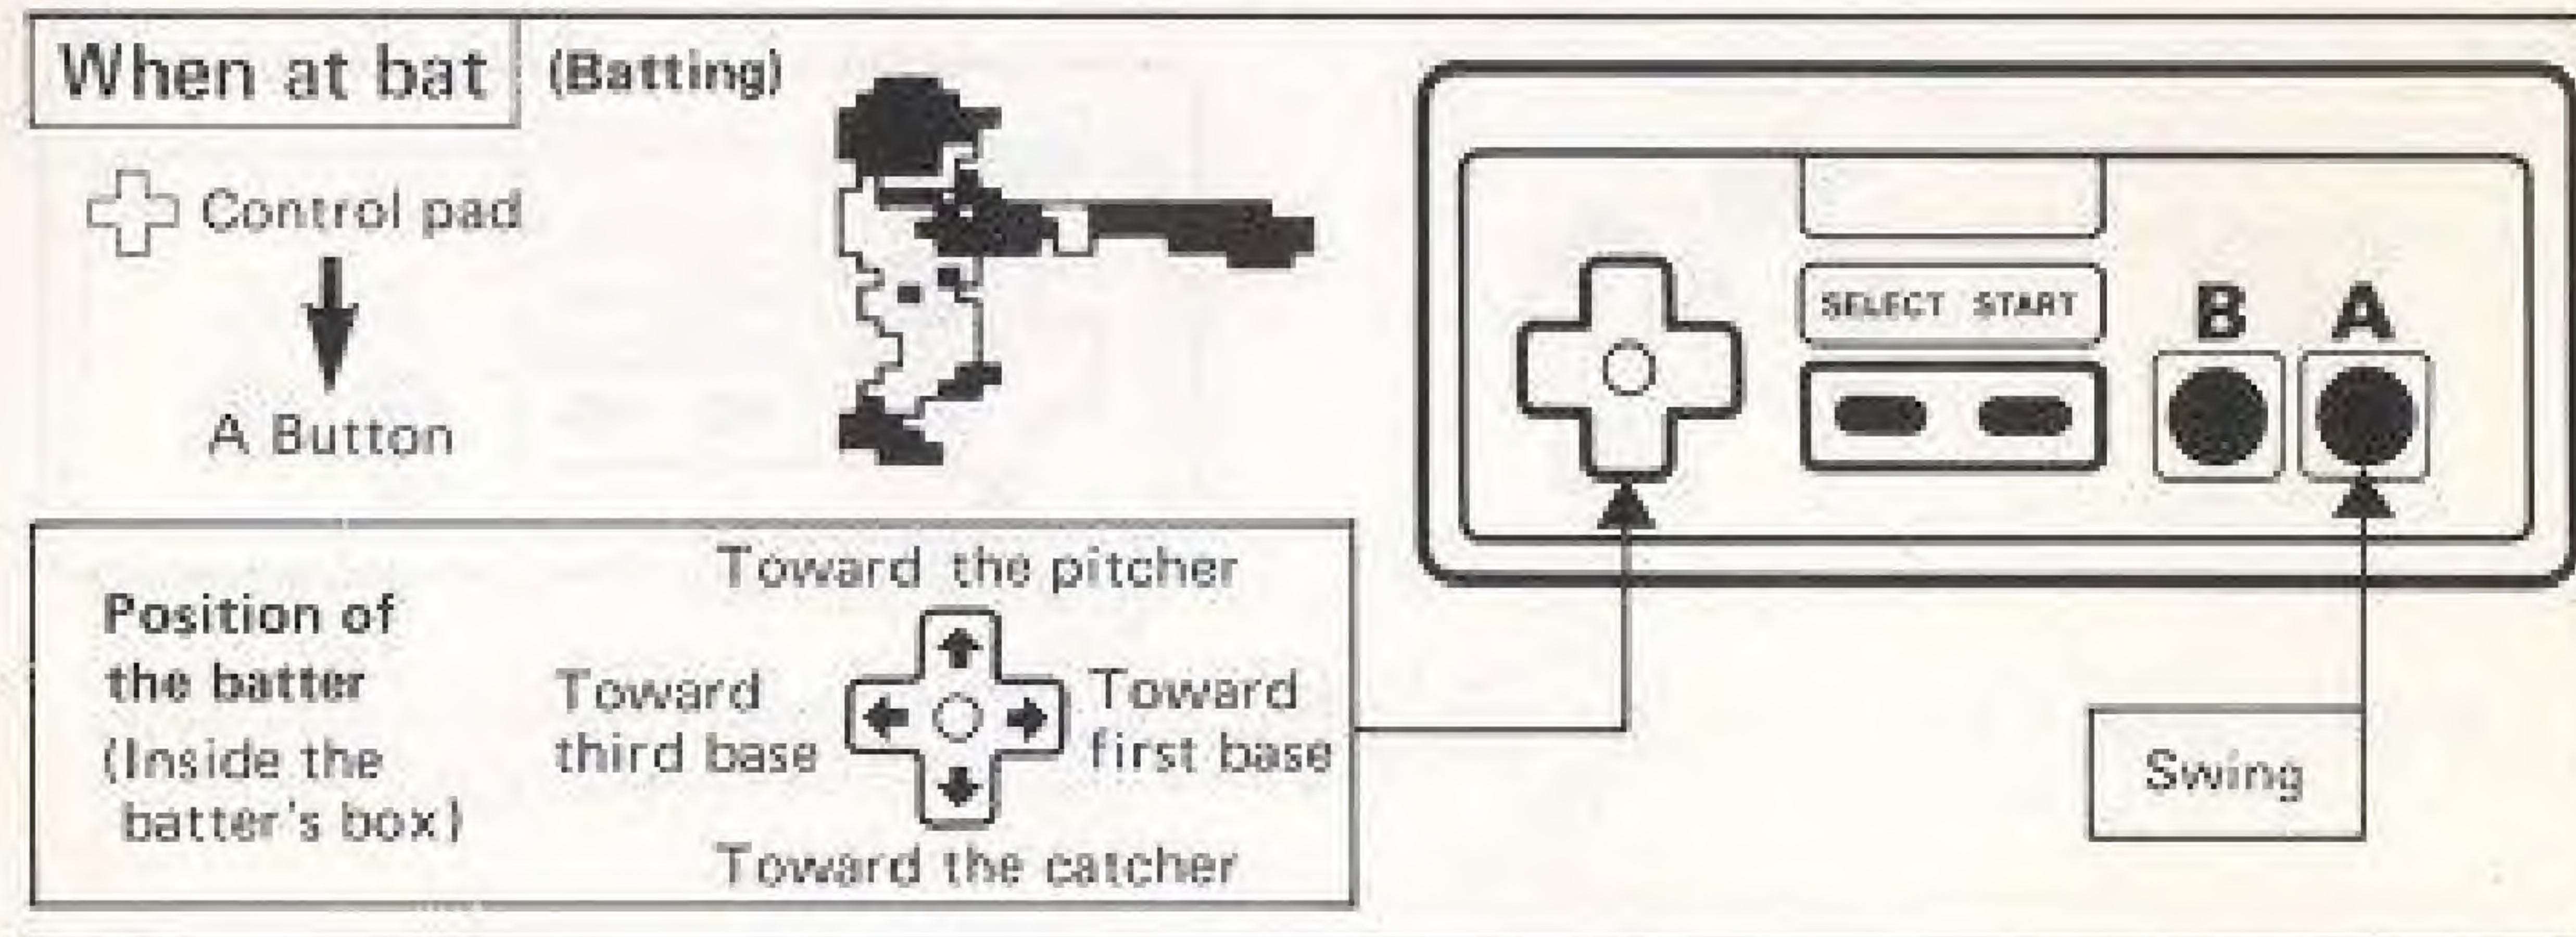

* Tag up play control is the same as for ordinary base running.

* If a runner fails to tag up before running after a fly out, he can be put out by throwing the ball to the base he left. Once the ball is returned to the pitcher, however, the runner is safe.

* When a bunt fouls after a 2-strike count, it is a strike out.

* Occasionally, fielders may temporarily disappear from the screen. This is not a malfunction.
